

Piled Foundations & Underpinning

Quality Management Statement

Cohesion Piling Company Ltd, recognise the importance of delivering quality consistently. The achievement of quality being through the training, development, health, safety, and welfare of our employees. Quality is therefore an integral part of the company's business, which we are fully committed to.

This Policy will be reviewed every 2 years or earlier if circumstances necessitate, in order to ensure that the Company maintains delivery.

To achieve this objective the Company will:

- Ensure effective training and qualifications for all staff and subcontractors for the tasks required of them.
- Ensure that plant and equipment provided by the Company or its subcontractors is fit for purpose and safe for use.
- Ensure that its operations are properly planned so as to mitigate the risk of injury to employees, subcontractors, other contractors and the public alike. The operations being executed in accordance with the method statements and risk assessments provided.
- Invite feedback from employees, subcontractors, contractors, external advisors, and other interested parties in order to improve the standard of Health and Safety at work.
- Seek continuous quality improvement. We acknowledge that to meet our quality requirements appropriate resources will require allocating to maintain and improve training, health, safety, and welfare.

To achieve this objective Employees and Subcontractors will:

- Adhere to Company policies, especially task related method statements and risk assessments.
- Use and maintain plant and machinery properly, and only for its intended purpose.
- Observe good practice, taking the necessary time to ensure delivery of a safe and quality product.
- Strive to maintain, and improve a consistent level of quality whilst maintaining a safe work place. Provide feedback to company on areas of possible improvement.
- Appreciate this policy is a requirement of being employed by the Company and failure to comply may result in disciplinary action.

Our aim is a positive culture to consistent quality, delivered safely to an agreed cost and programme.
